**From the Desk of
Headmistress
ma'am:**

Dear Parents and Students
Greetings to you all from Ayesha Ali Academy
I believe that a safe and secure environment is something that we constantly strive towards. We, at AAA, have in place a wealth of safety and security measures to ensure the safety of all the students both physically and emotionally. However, in the present world, our children are exposed to many challenges which are to be dealt with proper care and supervision. The most effective way to deal with such challenges is to have direct communication with the children. Kids in lower school usually share an account of their daily activities. I request all the parents to listen to their stories patiently and willingly.
My goals for the students are to be curious learners, be passionate about everything they do, be creative in their thinking and be able to express their ideas. I would like to thank you for believing in us. I assure you that we would put our whole efforts to attain an all round development in our students.
Regards and Blessings to all

SAVE OUR ENVIRONMENT

**DEPT. OF ENGLISH
CONDUCTED
DRAWING COMPETITION ON
THE THEME...
SAVE OUR ENVIRONMENT**

The English Department's drawing competition on the theme "Save Our Environment" was a fantastic way to spark creativity and environmental awareness among 6th graders. It's a great opportunity for students to express themselves visually and explore important ecological issues.

Students could draw about deforestation, pollution, or endangered species.

Depict solutions: The drawings could showcase ways to conserve water, reduce waste, or use renewable energy.

Create a hopeful message: The art could depict a healthy planet or a vision for a sustainable future.

THAT'S A WONDERFUL INITIATIVE BY OUR ACADEMY'S ENGLISH DEPARTMENT! ENCOURAGING ENVIRONMENTAL AWARENESS THROUGH ART IS A GREAT WAY TO ENGAGE STUDENTS AND GET THEM THINKING CREATIVELY ABOUT PROTECTING OUR PLANET.
